

(d) The *Deputy Under Secretary for Defense (Policy)* (DUSD(P)) shall establish and monitor compliance with policies and procedures for disclosure of classified information at meetings.

(e) The *Heads of DoD Components* shall:

(1) Promulgate this part within 180 days.

(2) Designate an individual who will be responsible for reviewing and approving requests for export-controlled meetings outside the United States, and for ensuring compliance with this part.

PART 250—WITHHOLDING OF UNCLASSIFIED TECHNICAL DATA FROM PUBLIC DISCLOSURE

Sec.

250.1 Purpose.

250.2 Applicability and scope.

250.3 Definitions.

250.4 Policy.

250.5 Procedures.

250.6 Responsibilities.

250.7 Pertinent portions of Export Administration Regulations (EAR).

250.8 Pertinent portions of International Traffic in Arms Regulations (ITAR).

250.9 Notice to accompany the dissemination of export-controlled technical data.

AUTHORITY: Sec. 1217, Pub. L. 98-94, (10 U.S.C. 140c).

SOURCE: 49 FR 48041, Dec. 10, 1984, unless otherwise noted.

§ 250.1 Purpose.

This part establishes policy, prescribes procedures, and assigns responsibilities for the dissemination and withholding of technical data.

§ 250.2 Applicability and scope.

(a) This part applies to:

(1) All unclassified technical data with military or space application in the possession of, or under the control of, a DoD Component which may not be exported lawfully without an approval, authorization, or license under E.O. 12470 or the Arms Export Control Act. However, the application of this part is limited only to such technical data that disclose critical technology with military or space application. The release of other technical data shall be accomplished in accordance with DoD Instruction 5200.21 and DoD 5400.7-R.

(2) The Office of the Secretary of Defense (OSD) and activities support administratively by OSD, the Military Departments, the Organization of the Joint Chiefs of Staff, the Defense Agencies, and the Unified and Specified Commands (hereafter referred to collectively as "DoD Components").

(b) This part does not:

(1) Modify or supplant the regulations promulgated under E.O. 12470 or the Arms Export Control Act governing the export of technical data, that is, 15 CFR part 379 of the Export Administration Regulations (EAR) and 22 CFR part 125 of the International Traffic in Arms Regulations (ITAR).

(2) Introduce any additional controls on the dissemination of technical data by private enterprises or individuals beyond those specified by export control laws and regulations or in contracts or other mutual agreements, including certifications made pursuant to § 250.3(a). Accordingly, the mere fact that the Department of Defense may possess such data does not in itself provide a basis for control of such data pursuant to this part.

(3) Introduce any controls on the dissemination of scientific, educational, or other data that qualify for General License GTDA under 15 CFR 379.3 of the EAR (see § 250.7) or for general exemptions under 22 CFR 125.11 of the ITAR (see § 250.8).

(4) Alter the responsibilities of DoD Components to protect proprietary data of a private party in which the Department of Defense has "limited rights" or "restricted rights" (as defined in 32 CFR 9-201(c) and 9-601(j) of the DoD Acquisition Regulation, or which are authorized to be withheld from public disclosure under 5 U.S.C. 552(b)(4).

(5) Pertain to, or affect, the release of technical data by DoD Components to foreign governments, international organizations, or their respective representatives or contractors, pursuant to official agreements or formal arrangements with the U.S. Government, or pursuant to U.S. Government-licensed transactions involving such entities or individuals. In the absence of such U.S. Government-sanctioned relationships, however, this part does apply.

(6) Apply to classified technical data. After declassification, however, dissemination of such data that are within the scope of § 250.2(a)(1) is governed by this part.

§ 250.3 Definitions.

(a) *Qualified U.S. contractor.*¹ A private individual or enterprise (hereinafter described as a "U.S. contractor") that, in accordance with procedures established by the Under Secretary of Defense for Research and Engineering, certifies, as a condition of obtaining export-controlled technical data subject to this Directive from the Department of Defense, that:

(1) The individual who will act as recipient of the export-controlled technical data on behalf of the U.S. contractor is a U.S. citizen or a person admitted lawfully into the United States for permanent residence and is located in the United States.

(2) Such data are needed to bid or perform on a contract with the Department of Defense, or other U.S. Government agency, or for other legitimate business purposes² in which the U.S. contractor is engaged, or plans to engage. The purpose for which the data are needed shall be described sufficiently in such certification to permit an evaluation of whether subsequent requests for data, pursuant to § 250.5(d)(2) are related properly to such business purpose.

(3) The U.S. contractor acknowledges its responsibilities under U.S. export control laws and regulations (including the obligation, under certain circumstances, to obtain an export license prior to the release of technical data within the United States) and agrees that it will not disseminate any export-controlled technical data subject to this part in a manner that would violate applicable export control laws and regulations.

¹Canadian contractors may be qualified in accordance with this part for technical data that do not require a license for export to Canada under 22 CFR 125.12 of the ITAR and 15 CFR 379.4(d) and 379.5(e) of the EAR submitting an equivalent certification to the U.S. Department of Defense.

²This does not require a contract with or a grant from the U.S. Government.

(4) The U.S. contractor also agrees that, unless dissemination is permitted by § 250.5(h), it will not provide access to export-controlled technical data subject to this part to persons other than its employees or persons acting on its behalf, without the permission of the DoD Component that provided the technical data.

(5) To the best of its knowledge and belief, the U.S. contractor knows of no person employed by it, or acting on its behalf, who will have access to such data, who is debarred, suspended, or otherwise ineligible from performing on U.S. Government contracts; or has violated U.S. export control laws or a certification previously made to the Department of Defense under the provisions of this part.

(6) The U.S. contractor itself is not debarred, suspended, or otherwise determined ineligible by any agency of the U.S. Government to perform on U.S. Government contracts, has not been convicted of export control law violations, and has not been disqualified under the provisions of this part. When the certifications required by paragraphs (a) (5) and (6) of this section, cannot be made truthfully, the U.S. contractor may request the certification be accepted based on its description of extenuating circumstances.

(b) *Controlling DoD Office.* The DoD activity that sponsored the work that generated the technical data or received the technical data on behalf of the Department of Defense and therefore has the responsibility for determining the distribution of a document containing such technical data. In the case of joint sponsorship, the controlling office is determined by advance agreement and may be either a party, a group, or a committee representing the interested activities or DoD Components. (The controlling DoD office is identified on each export-controlled document in accordance with DoD Directive 5230.24.

(c) *Critical Technology.* Technologies that consist of (1) arrays of design and manufacturing know-how (including technical data); (2) keystone manufacturing, inspection, and test equipment; (3) keystone materials; and (4) goods
